

# The Raymon Grace Newsletter

September, 2015

Howdy Folks,

If you have been reading these newsletters for a while, you noticed they are blunt and to the point~I plan them that way.

The principles on which my work is based are quite simple.

1. All things are composed of energy and the intelligent human mind has the ability to direct energy.
2. Energy is impressed upon matter.
3. Energy follows thought.

There is something new affecting people and you are probably one of them ~~~so pay attention.

For the past 9 years or so, have noticed something affecting many people and didn't understand it. I called it 'incompatibility of the cells of the body'. It was like the cells didn't like each other. According to my dowsing, the cells could be brought back into compatibility with each other~~~ but it didn't last long and they were fighting again.

Not only that, but the energy of the body dropped as did the amount of love in the body and the person's will to live.

After about years of wondering what to do, I may have found the reason for this. It was due to negative emotions in the body, fear and anger being the most common.

When the fear and anger~~or other negative emotions ~~were transformed into pure love, the cells became compatible, the amount of love in the body increased as did the energy and will to live. This has been true in most cases but there are exceptions.

So now that you know, what can you do about it?

First, check with your pendulum and dowsing chart to determine the % of compatibility of your cells. If it less than 100% they need help.

You can check to see how many negative emotions are in the cells of your body.

Measure your energy, the % of love in your body and your body's will to live ~~ on whatever scale works for you.

Transform all negative emotions into LOVE. Then measure again the compatibility of cells, energy, % of love and your body's desire to live.

If you did it right and have no other major energetic problems, your body should be in much better shape.

If you didn't do it right, then you may need to practice your dowsing skills and learn more about what affects your body.

We are offering a webinar Nov. 20 - 23. where you can learn a lot more about dowsing and self empowerment. This was filmed in class and condensed to 9 hours. It will be available for 60 hours so you can watch it as much as you like at your convenience. Register at the [Raymon Grace Foundation website](#).

Be sure you have a high speed internet connection that will allow you to watch this. Some folks have signed up and then found they didn't have the computer power to watch it because they were on a dial up internet service or a very old and slow computer. It can be done, yet is very slow and cumbersome without high speed internet and a fast computer processor to play the video. We don't want this to happen to you.

When Faye sends you the test video, watch it soon as possible, not after the webinar starts. If the test video does not work for you...we will refund your money before the webinar starts. After you start the webinar is too late to cancel.

Be sure you will be available that weekend to watch it and not ask Faye to let you watch it some other time. You wouldn't sign up for my class and then ask me to stay a week longer so you could attend at your convenience, so don't do it for the webinar.

We offer this webinar to make the information affordable to folks and saving money on travel expense ~~~ we want it to work for you~~~ so follow directions.

Enjoy Fall,

Raymon
