Howdy Folks,

You will get enough holiday newsletters from other folk, so am writing something different.

This newsletter has covered a number of subjects since its beginning several years ago. The goal has always been to help people improve their lives.

Some of you folks have contacted me for help and I was able to help you. Some I could not. I never claimed to have all the answers and still don't.

As for clearing energy for you, your homes and businesses, it has been reasonably successful. I don't expect to get the same results with everyone because everyone is not the same. Not everyone responds equally to the same energetic treatment and probably never will.

Yes, we have had miracles happen—for some, but not all. Am not in competition with anyone and when my friends have had success with problems I have no knowledge of, it seems reasonable to let folks know about it.

Several people have written to ask about Lyme disease and not sure I helped any of them. Kinda bothered me but didn't know what to do about it.

I was discussing this with my friend Tim Lippert who does a lot of work with radionics machines. He started working on farm animals and then people started asking him to work on them with the same method. He told me of his success with Lyme disease and thought I should share it with those who read my newsletter.

I asked Tim to write a brief summary of his work.

Tim Lippert of Easton, MN has been a legally operating alternative medical practitioner in the state of Minnesota for 17 years. Minnesota was the first state in the union to guarantee freedom of medicine by state statute.

Incorporating the latest in technology and equipment proven to work by quantum physics and holding a U.S. patent, Tim has helped 198 clients in a row to be free of Lyme Disease as of November 1, 2017. Without the need for a single drug. Tim is not a doctor and makes no medical claims...in fact he says he feels sorry for those who are stuck, held hostage to a failed medical model. Tim goes way beyond those limitations through remote energy work. With only a hair sample of the client, Tim can remotely and energetically analyze and balance the

individual even from thousands of miles away. Tim says that the typical medical approach would be to administer oral and/or intravenous anti-biotics, which of course does nothing to eliminate the parasitic and viral elements of Lyme disease. The key to Tim's success is eliminating all three simultaneously...bacterial, viral, and parasitic while rebuilding the immune system. While Tim makes no medical claims or promises...the record speaks for itself...198 successes out of 198 clients.

Tim has helped hundreds of clients to remove disease from their crop and livestock operations all over the world...PRRS from swine, Myco-plasma Bovis from cattle, Avian Flu from poultry, Black Sigatoka from banana plantations, etc, etc. Tim has also successfully helped many clients with Sleep Apnea to be free from the need of any CPAP device without drugs or equipment.

Tim has done naturopathic and alternative medical work for clients in over 30 states, Canada, Belize, Bahamas, Great Britain, Spain, Russia, Croatia, Guatemala, Ireland, France, Italy, Switzerland, Mexico, and the Philippines. He owns and operates one of the most elaborate quantum physics based labs in North America. His specialties include agricultural and environmental consulting, geo-biology, water treatment, mold and myco-toxins, lyme disease, sleep apnea, and spiritual issues.

Here is another friend whom I have worked with and asked him to also write something of his work and he kept it very brief.

"All Saints Church's healing ministry offers radionics energy work similar to Mr. Lippert for well-being and health. If interested call 605-787-5620 for Brother Ron".

These fellows use radionics and I use dowsing and we have helped each other's clients over the years. Seems to me this is the way people should work together.

Hope you enjoy whichever holiday you want to celebrate.

And now from Faye...

If you would like more information on Raymon Grace's on line webinar go to <http://www.raymongrace.us>. We have one this weekend so there is still time to sign up but do it soon, it starts on Friday.

Need Christmas presents that are sure to please? I have beautiful fairies and also pyramid pendulums...check them out and order here [www.ts vibrations.com](http://www.ts vibrations.com).

Gong cds are always a good gift as well. On Saturday I played in Memphis and afterward one of the people shared with me afterward that when he came in his hand was in pain with arthritis and he could not make a circle with his thumb and forefinger because of the pain. When it was over, he could complete the circle and there was NO pain! In person is always best, but the gongs are an amazing energy! Cds are available on my website.

Here is wishing for you and yours a wonderful holiday season and for those who celebrate Christmas...a very merry Christmas!

Last but not least, it is time for the Call to Action. [Click here](#) for full details and join in. You are powerful and you make a difference.
